VOLUME X. FOUR PAGES ADA, OKLAHOMA. WEDNESDAY, DECEMBER 24, 1913 NUMBER 222

WITH the dawn of Christmas morning, nineteen hundred and thirteen years ago, came the world's most sacred holiday -- the day of cheer and goodness. More than nineteen hundred years ago was born a babe that first brought that infinite and cherished goodness and it is His birth we celebrate.

So on this wonderful day we take opportunity to greet our friends, wishing them a Merry Christmas and a Happy and Prosperous New Year.

### PAVING SUIT TO U. S. SUPREME COURT

Washington, Dec. 24.—The Oklahoma street paving law is attacked as being unconstitutional in an appeal filed in the supreme court today, in the case of J. P. Schultz of Guthrie, who is contending the law is invalid because street car companies are permitted to have the space between the rails paved by private contractors instead of by the city contractor who does the other paving.

The case went the rounds of the Oklahoma courts. The original suit, in which the paving contracts were questioned, was filed in the Logan county district court, and attacked both the legality of the contracts and the 18 per cent penalty imposed for non-payment. The lower court held the penalty illegal but that the validity of the contracts could not be attacked because the suits

were not filed within the specified time.

One of the objections against the paving contract with Guthrie was that the contractor advanced to the city of Guthrie a sum equal to 5 per cent of the contracts, amounting to about \$35,000, before the contracts were let, supposedly to cover the city's expense in connection with the paving, and that that amount was added to the contract, instead of the amount of expense really incurred. Other charges were made.

The paving law allows street railway companies to do their own paving between the rails, and having been defeated in previous efforts to have the law set aside, the case is now appealed to the supreme court of the United States. Decision of the high court will be awaited with considerable interest.

#### John D.'s \$35,000 Xmas.

Cleveland, O., Dec. 24.—For the first time in twenty-five years Mr. and Mrs. John D. Rockefeller are to spend Christmas Day in Cleveland and plans for a big celebration at Forest Hill, Mr. Rockefeller's Cleveland estate, were completed today. Mr. Rockefeller will spend the day surrounded by as many of the members of his family as possible and all his old Cleveland friends. It is said the day's festivities will occasion an outlay of \$35,000. While the plans for the celebrations have been made on a large scale, it is understood there will be nothing ostentatious about the observance of the day.

#### JUDGE BROWN REMEMBERS THE NEWS FORCE

Judge H. J. Brown, in keeping with his annual custom, dropped into the News office this afternoon and left Christmas remembrances for the carrier boys and the bookkeeper of the office. He is a man with a big heart and thus shows his appreciation of the work done by these members of the force.

### CURRENCY BILL SIGNED

PRESIDENT PLEASED WITH OUTCOME OF LONG STRUGGLE. OTHER REFORMS TO FOLLOW.

Washington, Dec. 23.—President Wilson signed the Glass-Owen currency bill at 6:01 o'clock tonight in the presence of members of his Cabinet, the congressional committees on banking currency and Democratic leaders in congress generally. The conference report on the bill adopted last night by the house was adopted this afternoon by the senate, 43 to 25.

With a few strokes of the pen the president converted into law the measure to be known as the Federal reserve act, reorganizing the nation's banking and currency system and furnishing, in the words of the president, "the machinery for free and elastic and uncontrolled credits, put at the disposal of the merchants and manufacturers of this country for the first time in fifty years."

Enthusiastic applause ran through the ceremony, not only as the president affixed his signature, but as he delivered an extemporaneous speech characterizing the desire of the administration to take counsel with the business men of the country and the latter's efforts to meet the government's advances as "the constitution of peace."

The event came at the close of a day of rejoicing in the National capital, for congress had recessed for two weeks for the first time since it convened last April. The Democratic leaders were jubilant because they had completed two big pieces of legislation—the tariff and the currency reform—in nine months, a performance which they considered unprecedented in the history of the country.

#### SALE OF RED CROSS SEALS CLOSES JANUARY 1

Oklahoma City, Dec. 24.—Look at your letters and packages. Do you see 'em there? The Red Cross Seals.

During the few days that remain until Christmas the crowded mails will bear traveling tributes to the charity of Oklahomans. And that hardly a mail sack will make its journey without containing some of the anti-tuberculosis stamps on letter or package is indicated by the statement today of Dr. R. H. Riley, executive secretary of the Oklahoma Association for the Prevention of Tuberculosis. For Oklahomans, in all parts of the state, have responded to the request, sent out first at the beginning of December, for aid in funds with which the association is to fight the white plague.

The seals started out shortly after December 1, a few in the beginning, and then more, and since that time December mail to a greater or less degree has carried the seals. "But the biggest bulk of the seal use naturally comes in the last few days, when most of the Christmas mail is traveling."

The sale closes January first. More stamps will be sold, however, in the time between Monday and Thursday, Christmas week, than all the rest of the month put together, according to Dr. Riley. Returns in many cases to the local offices of the association will not be made until after the first of the new year, when actual work in the anti-tuberculosis labors which will be made possible by the funds from the seal sale, will be under way.

### FRISCO TELEGRAPHERS VOTE TO STRIKE

Springfield, Mo., Dec. 24.—A count of nine-tenths of the ballots cast by telegraphers of the St. Louis and San Francisco Railroad on a proposition to strike because of the refusal of the receivers of the railroad to grant an increased wage and an eight-hour day shows 98 per cent of the men voted in favor of a walk-out, according to a statement today by J. A. Newman of Chicago, vice president of the International Order of Railroad Telegraphers.

If a strike should be called, 1,200 men, including station agents, dispatchers and telegraph operators all over the Frisco system would be affected.

The union officials said their demand for a 15 per cent increase in wages was met by an offer of a 1 per cent increase by the receivers and that all other demands were rejected. Railroad officials here refuse to give out a statement regarding the threatened strike. It was reported that a

telephone dispatching system was being arranged.

According to Newman, arrangements are already being made to care for the families of men who might be affected by the strike. It was announced the union has a fund of \$400,000 to be used in maintaining families of idle men and keeping their children in school.

#### Xmas Party for "Spugs."

New York, Dec. 24.—"Not a lonely person on Christmas Day!" is the motto adopted by the Spug Society of New York, and in order to make the motto true as all mottoes should be the society has planned to give a mammoth Christmas party to the lonely ones tomorrow afternoon and evening in the Grand Central Palace. It is to be a party for everybody, from grandpa and grandma down to the kiddies themselves. If the expectations of the promoters are fulfilled it will be the biggest Christmas party on record. A gigantic Christmas tree will be the centre of attraction and in addition there will be dancing and an old-fashioned Christmas dinner.

#### Community Trees in Many Cities.

New York, Dec. 24.—The example of the "Group of Idealists" who set up the first Christmas tree in Madison Square last year has been followed this year by cities throughout the land. Among the cities are Chicago, Boston, Philadelphia, Cleveland, Cincinnati, Birmingham, Dallas, Washington, Pittsburg, Baltimore, Rochester, Minneapolis, Hartford, Utica, Newark and Schenectady.

Huerta has ordered a ten-day holiday for the banks of Mexico, which are on the ragged edge of failure. Evidently he is a man who occasionally reads the papers, for Teddy did that same trick in 1907 when for a week most of the banks of the United States were closed hard and fast.

Press dispatches state that the Republicans are planning to capture Oklahoma next year. Well, history tells us that Napoleon planned to defeat Wellington at Waterloo.

With both federal and county officials on trail of the festive bootlegger, indications are that this Christmas will be drier than usual, so far as the eastern part of the state is concerned. Possibly, however, after Christmas headaches will be fewer.

## REFERENDUM PETITIONS BEFORE COURT

Oklahoma City, Ok., Dec. 23.—Arguments were heard today by the supreme court on the validity of the state capital and election law referendum petitions, the appeals being from the holding of the secretary of state. Before the secretary's protestants to each of the petitions urged irregularities and insufficiency, a feature being that the petitions had not been filed within the time fixed by law. The question also involved whether the Fourth Legislature, which adopted both bills, adjourned on July 1 or 5, and upon this argument in chief before the supreme court centered. Some time ago the court referred both cases to J. B. Dudley of Norman as referee to take evidence. The referee held that the determining of when the legislature adjourned was a question of law. The legislative records show that adjournment was taken July 5, but the evidence shows all the members save sixteen in both branches left here on July 1, not intending to return. That character of adjournment was taken in order to give validity to the new general revenue bill, and if the two petitions are held by the court to be invalid it will also carry down the revenue act.

**County Judge Appointed**

Purcell, Okla., Dec. 24.—A. J. Mauldin, for the last three years superintendent of the Purcell public schools, was appointed County Judge of McClain County to succeed William H. Woods, resigned, by the board of County Commissioners, in special session. W. H. Woods, recently appointed probate attorney for the Indians, has been assigned to Pontotoc, McClain, Garvin, Grady and Stephens Counties, with headquarters at Purcell. J. E. Muma succeeded A. J. Mauldin as superintendent of the public schools here.

**Chicago to Have Happy Day.**

Chicago, Ill., Dec. 24.—Symbolic of the big Christmas celebration which Chicago expects to enjoy tomorrow is the mammoth municipal Christmas tree erected in Grant Park for the children of the poor. Public and private philanthropy have joined to extend the Christmas spirit from the center to the circumference of the big city. Patients and prisoners in public institutions are to have as joyful a day as money and kindness can give them. Turkey or chicken dinners, Christmas trees and entertainments are to be provided for the inmates of the county jail, the work house, orphan asylum, hospitals and at all the public and semi-public institutions for the unfortunate. For the poor of the city the Salvation Army, the Volunteers of America and numerous other organizations have planned feasts and celebrations that will make all, at least temporarily, happy.

## SALTS FINE FOR ACHING KIDNEYS

We Eat too much meat which clogs Kidneys, then the Back hurts.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidneys region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble. (Adv.)

### Miss Messenger Entertains Pupils.

Monday night, Miss Messenger, 7th and 8th grade critic teacher at the normal, entertained her pupils with a Christmas party at her home on East 9th street.

The house radiated Christmas cheer with its blooming plants, Christmas bells, holly and mistletoe. When the last of the happy guests had gathered exciting games were started and continued until all were ready for the next diversion. A Christmas tree drawn by the artist of the class, Miss Ruby West, was fastened to the wall. Scissors and papers were handed out and each one was asked to cut, label and pin on the tree a toy. This proved great sport as the gifts were taken from the tree by Master Dudley Young and distributed. At this juncture delicious sherbet and cake, homemade candies and fruit were served. Then came the real Christmas tree which was the culminating interest of the evening. The lights were turned out and by the soft glimmer of the Christmas candles each one received a tiny gift from the hands of old Santa himself (ably impersonated by Master Edward Brents.) Under the spell of the spirit of Christmas a well told story of the Christ child was listened to and the evening's entertainment ended when all joined in the singing of the beautiful Christmas hymn, "Holy Night."

The guests departed at 10:30 loud in their praises of Miss Messenger as a hostess. ## MRS. YOUNG RESTORED TO POSITION

Chicago, Ill., Dec. 23.—Mrs. Ella Flagg Young was voted back into the superintendency of the Chicago public schools this afternoon after a stormy session of the Board of Education. Seven members refused to vote on the ground that the board had no power to reconsider the election of John D. Shoop, assistant superintendent un-

der Mrs. Young, who had been elected her successor. Contention also was made that the four new members of the board named by Mayor Harrison to replace four whose resignations he had enforced were not entitled to their seats.

The action of the board in removing Shoop and replacing Mrs. Young at once will be challenged in court, it was announced, by the opposition. Mrs. Young's failure to be re-elected two weeks ago by the school board aroused a storm of popular indignation. Mass meetings were held and the school board and the mayor's office were besieged by delegations which demanded that Shoop resign and make way for Mrs. Young to come back. The women's organizations, political and civic, were solid behind the deposed superintendent. Mayor Harrison asserted that members of the school board appointed by him had voted against Mrs. Young in an "underhand" way. He summarily accepted the resignation of four whose resignations had been placed in his hands when they took office. Refusal of the four to abide by this action was the storm center of the fight in the board meeting today.

The four were in their seats before the meeting convened and refused to leave. The new men were forced to find chairs elsewhere. Men and women jammed into every available corner of the board room. A squad of policemen summoned to keep order remained in the corridor and did not interfere, although, until the latter part of the meeting when the Young faction got to working smoothly together, the uproar was continuous.

### OKLAHOMA BRIEFS.

Blackwell—Mrs. Ellen Robbins of Jewell City, Kan., aged 79, died here Monday. She was here visiting her son and daughter, H. A. Robbins, and Mrs. R. W. McQuerry. Interment Tuesday at Jewell City.

Oklahoma City—With words of farewell and a warning to keep up the fight the World Campaign for Missionary Evangelism came to a close here Sunday night. Mass meetings were held in the churches of the various denominations and the speakers spoke at length on the work of the missionaries of the past and the plans for the future.

Oklahoma City—T. L. McCarty, a pioneer citizen of Oklahoma, died Sunday afternoon at his home here. He was one of the first settlers and was formerly a real estate dealer. He is survived by a widow, two sons and two daughters.

Tuttle—Charles Bashara an Assyrian merchant, is confined in the Grady county jail, as the result of shooting and almost instantly killing J. T. Selby, insurance man and auctioneer of this place Saturday. The killing followed a quarrel between the two men over a board which Selby had nailed over an alley way to keep Bashara's children from coming through the alley.

Oklahoma City—Judge Geo. W. Clark has ordered the bond of William Husbands, charged with assault with intent to kill Howard Tucker, editor of the Oklahoma City Pointer, reduced from \$10,000 to \$2,500. Argument was advanced with the application for the reduction that men had frequently been held in the state on charges of murder under \$2,500 bond.

According to J. A. Dorsey, Joe Anderson finds something attractive about Ada and his frequent visits here indicate that he may soon become a full fledged resident. Since he is a good citizen it is hoped that his will prove true.

Clifton Hurst left for Wilburton this morning for a visit of several days.

## SAGE TEA KEEPS YOUR HAIR DARK

When Mixed With Sulphur It Brings  
Back Its Lustre and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick glossy and lustrous, and you appear years younger.

### Auto Club to Feed Poor Kiddies.

Detroit, Mich., Dec. 24.—Thanks to the generosity of the Wolverine Automobile Club five hundred or more of the poor little boys and girls of Detroit are to be treated to a sumptuous Christmas dinner tomorrow in the convention hall of the Hotel Pontchartrain. A bountiful supply of roast turkey and all the "trimmings" will be provided, and when the hungriest little boy at the table admits that he can eat no more, curtains at the end of the hall will be drawn and an electrically lighted Christmas tree will delight the children's eyes. Vaudeville entertainment and music by a big orchestra also will be included in the program of festivities.

### POOL--MESSENGER

Sunday the marriage of Mr. Cody Pool and Miss Marilla Messenger was solemnized at Coalgate. The happy pair returned to Ada Monday evening and will continue to reside here. The bride is an attractive young lady and one who will make her husband a happy home. The groom is employed by the Pioneer Telephone Co. and is a young man of industrious and steady habits. The News extends its best wishes.

### CURTIS FLOYD WINS PRIZE FOR CORN

Curtis Floyd, the young son of Prof. A. Floyd, has been awarded the prize for the best ten ears of corn raised by a boy in Pontotoc county. The prize was \$5, which was donated by the First National bank. Besides this the list of awards of the state fair, as published sometime ago, continued his name as winner of the cotton prize. The youthful farmer has good reason to feel proud of his success, and he wishes to thank all concerned.

Many an innocent youth has taken a young widow by the hand and prattled of love, in a spirit of fun, only to find himself facing the parson with her later.

### HELPLESS AS BABY

Down in Mind Unable to Work,  
and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Eney, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 45 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.  
Write to: Chas. H. Mallin Co., Ladies' Remedy Dept., 1000 Broadway, New York, for Special Literature on your own condition. Be sure to get "Cardui for Women," in plain wrapper. B.O. 121
